Liverpool International Theatre Festival: Scot spoke with Ashley at the Regional Municipality, and she said there will be no art market this year..

International Residencies: Chloe Chen, locally engaged employee in Taiwan is in contact with Scot regarding this.

Next General Meeting: Tuesday, September 17 at 6:00pm Meeting adjourned at 8:35

Addendum: Stay-cations: On July 19, Scot and Chris met with the White Point resort general manager and two of his staff to discuss a plan next winter. White Point very receptive and we are looking at February for this event. Asking members who would participate by hosting a workshop - maximum of 4 participants. We will also look at having an artists' show this same weekend. There is a possibility that White Point will be able to use their van to transport guests interested in touring some of our artists' studios - especially for those whose work is hard to move such as Studio 244 or Marla Dominy.
